SPECIALIST TEACHING

ONE-TO-ONE CUSTOMISED SERVICE THAT IS TAILORED TO MEET THE INDIVIDUAL NEEDS OF STUDENTS WITH LEARNING DIFFERENCES

Why DAS International?

DAS International provides high-quality one-to-one specialist services to students in Singapore and the region who have a range of Specific Learning Differences, behavioural difficulties and developmental disorders as well as those students who struggle to learn so that they can achieve and reach their full potential.

DAS International provides a total solution for your child's educational needs. We can provide individualised programmes to empower successful learning for students from preschool to young adulthood.

About DAS International

DAS International Services Ltd is a wholly-owned subsidiary of the Dyslexia Association of Singapore (DAS). DAS International Services builds upon the recognised experience, competence and expertise of DAS who has provided services to individuals with learning differences for more than 30 years.

SPECIALIST TEACHING

Specialist Teaching is a one-to-one customised service that adopts a problem-solving approach which aims to support the student to achieve their full learning potential. It includes individual curriculum support, study skills and exam preparation or other specific areas where you feel additional support is required by your child.

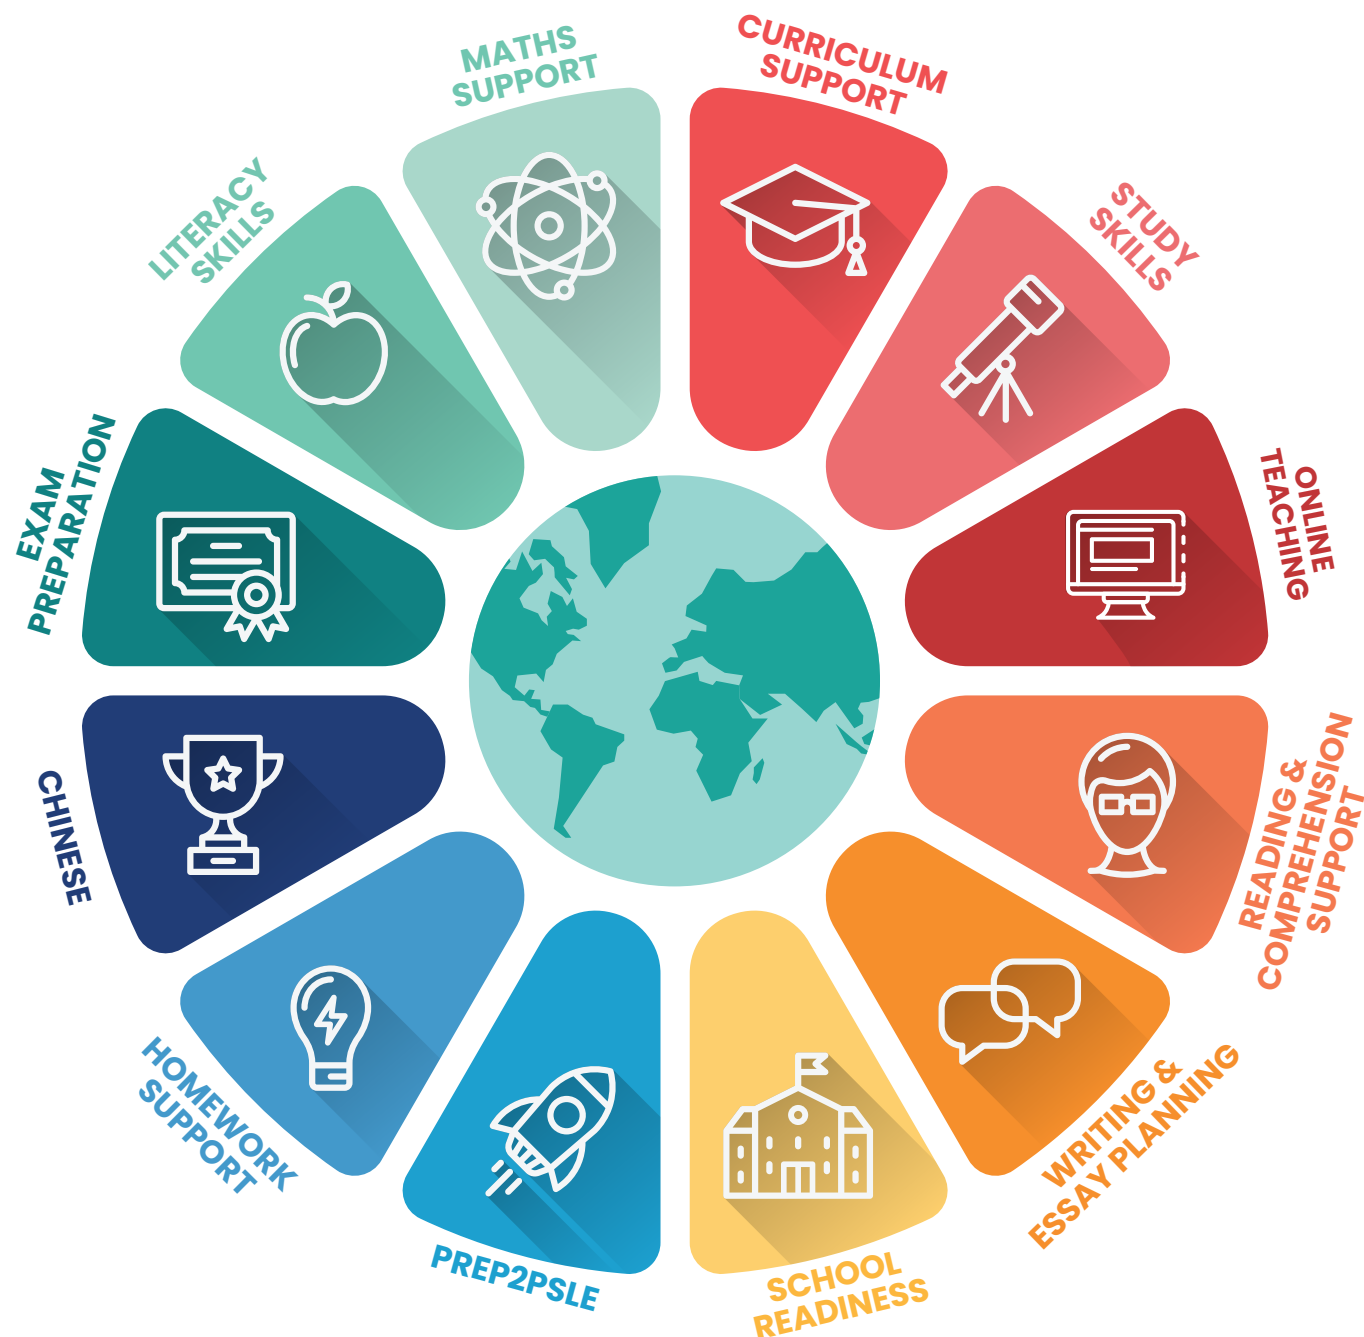

Subjects we support:

- Maths
- Chinese
- Literacy
- Curriculum Support
- Exam Preparation
- PSLE Maths and English
- GCE 'O' Level English
- IGCSE English
- GCE 'A' Level English
- IB English Language

INTENSIVE TEACHING

Intensive Teaching supports students who are unable to secure a place in an international school, or who are struggling to catch up with the school's curriculum. It prepares students for exams, helping them to strengthen their concepts and enhancing their confidence.

A customised Individualised Education Plan (IEP) is designed with achievable educational goals to support the student's educational targets. With flexible timings and frequency of teaching, we can accommodate the students' learning needs. Lessons can be delivered online or onsite.

CURRICULUM-BASED REMEDIATION

This programme provides a direct and strong link between the weekly curriculum demands and remediation, keeping in mind the student's learning differences. It focuses on the student's strengths as we explore and cover the school's syllabus and curriculum. Preparing students for exams is also a feature of curriculum-based remediation.

With the Curriculum-Based Remediation, we aim to help them in exam preparation by providing direct support to the student's weekly homework demands.

ONLINE SPECIALIST TEACHING

Specialist Teaching sessions are delivered online bringing intervention into the home. Specialist support to students is available wherever internet services are available. Online lessons are flexible and customised to suit the learner's needs.
